written properly so that it meets the original intent of this Legislature, and so, the reason for trying to bring this up now is such that if we adjourn early this bill will be passed and we will correct an error which we previously made.

PRESIDENT: Now, is there any further discussion of the motion? The question is shall we take up LB 311 at this time. Senator Stahmer.

SENATOR STAHMER: Mr. President and members of the body, I agree with what Senator Whitney is trying to do. We need a bill to correct language in the past and the Attorney General has told us this. I would say that I don't think we are going to be getting out of here Thursday, Senator Whitney, for whatever that is worth. I think we are going to be coming back after Easter. We can't possibly get out of here by Thursday. We possibly can get out of here by Friday but I don't think anyone is going to stay here Friday. So, it's constitutionally impossible for us to get out of here by Thursday, so I think we can take this bill, probably, in its order and it will get passed. Although I would support Senator Whitney's motion, if he wants to bring it up now. We need to pass it but I think we are going to have time to pass it because we are not going to get out of here by Thursday
